## Our Maternal-Fetal Medicine Physician Assistants

### **Colleen Lavoy, PA-C**

Colleen is a physician assistant in the Department of Obstetrics and Gynecology at the University of Chicago. She collaborates with maternal-fetal medicine specialists Jacques Abramowicz, MD, Deborah Boyle, MD, Roxane Holt, MD, Mahmoud Ismail, MD, and Sarosh Rana, MD. Colleen earned her master of medical science in physician assistant studies from Midwestern University - Downers Grove. She received a bachelor of science in biology from the University of Kentucky.

Lavoy also conducts diabetes education for women managing diabetes in pregnancy. She is a member of the American Academy of Physician Assistants.

### **Emily Wanezek, PA-C**

Emily Wanezek is a Physician Assistant at the University of Chicago Medicine. She works in collaboration with maternal-fetal medicine specialists to provide patient care to our high-risk obstetric patients. Emily completed her master of science in physician assistant studies at Rosalind Franklin University of Medicine and Science. She earned a bachelor of science in zoology from the University of Wisconsin-Madison.

Wanezek is currently involved in a research study regarding a new tocolytic medication, which acts to stop the progression of preterm labor. She is certified by the National Commission for Certification of Physician Assistants and a member of the American Academy of Physician Assistants.
